Agency: Workforce Development - Economic Support and Child Care - TANF

Department of Workforce Development

No Fiscal Bureau Paper

Access Full Federal Child Care and Development Fund

Direct the Department of Workforce Development to review all allowable sources of matching funds to access the full federal allocation (approx. \$44 million over the biennium) available to Wisconsin from the Child Care and Development Fund, for new and expanded child care programs.

And, provide language for expenditure authority for these additional funds to the Office of Child Care of the Department of Workforce Development.

Note:

Sources of matching funds to access the Federal Child Care and Development Fund include:

State GPR spending on 4-year old kindergarten programs (approx. \$35 million GPR per year -- 20% of the match used for this program could be counted as a match for new CCDF money, or approx. \$3 million/year. With this match the state would get \$4.5 million per year for new programs).

State GPR spending on early childhood special education programs (3-5 year olds)

Local property tax dollars spent on child care services (Madison spends approx. \$1.5 million per year).

Private funds contributed to designated agencies for child care services State gpr funds allocated for Head Start expansion (\$3.75 million/yr in this budget).
